Who are we?

SCL Exhausts Ltd operates as a market forerunner in the Design and Manufacture of superior Exhaust systems for the Generator, Screening and Forklift industries.

Based in Dungannon Co Tyrone, SCL Exhausts prides itself on manufacturing quality products at affordable prices. We are a vibrant, pro-active company that focus on innovative, quality products to meet the demands of our customers.

If it's a noise issue, problems with heat transfer or too much back pressure on your engine, let SCL Exhausts provide the solution.

“Designed to last”

Bespoke Design

With over 20 years engineering expertise, staff at SCL can develop your exhaust requirements using the very latest in 3D design technology. Models can be created bespoke or developed alongside existing client drawings such as step/dxf files. These can be shared online to ensure any potential problems have been highlighted and resolved before manufacture takes place. Thus ensuring ease of insulation and guarantees total customer satisfaction.

Sound Testing, Back Pressure Calculations and Heat Transfer information can all be provided upon request.

Products

SCREENING & CRUSHING EXHAUSTS

All your Silencer and Pipe work requirements will be designed specifically to fit internally or externally to your power unit.

All Tier 3 Engine exhausts systems can be catered for. Vacuum units also available either incorporated into the silencer or as a separate unit attaching to your pipe work.

Exhausts supplied for Tier 4 engines. SCL have already completed extensive R&D on the new Tier 4 requirements, Stainless exhaust systems have been tried and tested to meet with the engine manufactures requirements.

GENERATOR EXHAUSTS

Industrial, Residential & Critical Silencers designed and manufactured to suit your needs. We have many proven designs for Gen Set silencers ranging from 25Kva to 3000kva.

"Whether you require Mild Steel or Stainless Steel, Round Or Square. SCL Exhausts will have the solution for you"

Or why not create your own exhaust by choosing from one of or many exhaust design tables as displayed in the example below?

Industrial Canopy Silencer Kits

All Measurements in mm

Part Code	Inlet Bore (A)	Outlet Bore (B)	Body Length (C)	Body Dia (D)	Inlet Height (E)	Outlet Height (F)	Hole Centres (G)
SCL-IC-01	51	78	900	300	1150	1350	720
SCL-IC-02	63	89	900	300	1200	1400	720
SCL-IC-03	78	101	980	380	1250	1450	750
SCL-IC-04	89	114	980	380	1300	1500	760
SCL-IC-05	121	127	1140	400	1400	1600	860
SCL-IC-06	114	127	1360	470	1500	1700	1060
SCL-IC-07	127	152	1360	470	1600	1850	1060
SCL-IC-08	152	203	1830	560	1750	2100	1060

SCL-IC-11	250	300	2200	750	1900	2350	1350
SCL-IC-12	300	350	2200	750	1900	2350	1350

FORKLIFT AND AGRICULTURAL EXHAUSTS

Bespoke exhausts designed to suit both Diesel and Gas engine Forklifts. Silencers don't always have to be round!!! At SCL Exhausts we understand space can be limited so we design all shapes and sizes of silencer to suit your needs while still meeting those critical noise requirements.

"Where space is tight, and overheating is usually a problem, let SCL Exhausts cool down the situation"

ACCESSORIES

SCL Exhausts stock a wide selection of the key Exhaust accessories, these products are always being up-dated so please contact us for latest lists.

Steel Tube: 1 1/2" to 8"
(Stainless & Mild steel)

Band Clamps: 1 1/2" to 7"

U-Clamps: 2" to 5"

Weld Bends: 1 1/2" to 6"
(Stainless & Mild steel)

Braided Flexi Joints: 1 1/2" to 6" Bore

Flexible Tube: 2" to 6" Bore
(Stainless & Mild Steel)

Stainless Steel Bellows: 2" to 6" Bore

Wrap Insulation

Foil Tape

Manifold Paste

Catalytic Converters, Spark Arresters & Diesel particle fitters also available upon request.
